January 24, 2005

Dear Bryant,

I wish to congratulate you on the success of your enterprise, "Mr. Baguette".

I have a life long love with the true French baguette. Throughout my travels in France and in the U.S., I have tasted many baguettes and yours are certainly authentic and rank amongst the best.

You are truly an asset to the Asian community and I wish you success in the future.

Best Regards,

Mike Lehoang, MD
